

Welcome to Wellness Radio with Dr. Jeanette!

Would you like to be my guest?

The year 2025 is about transformation and expanding our consciousness beyond past beliefs and truths. All shows are engaging conversations to deliver inspiration and hope while challenging the past experiences that have ruled our lives. Stepping up and out of the old is the new mantra if you are excited to join me on air. You are about to have an experience like no other, with a host that has read your book from front to back. Dr. J can connect with your topic on a deeper level of knowing to share and inspire the listeners.

Dr. Jeanette is a mystic, sage, intuitive, shaman, and Naturopathic physician for decades and she shares her experiences in relation to the topic of your work.

Be ready to 'dance in the ethers' with Dr. J and engage in a conversation from your heart and soul!

Welcome to Wellness Radio with Dr. Jeanette in 2025: The Year of Transformation

Wellness Radio with Dr. J discusses the health of the body, mind, and soul as we navigate through the challenges of our times. Dr. Jeanette discusses timely topics in casual conversation with authors, physicians, professional businesses, wellness experts, and those who wish to share a message of becoming our better self while exploring all life difficulties and triumphs. All shows are very esoteric and philosophical in many ways, while also inspiring us to live through a time of chaos and change on this earth.

The world has changed, and we are not going back! This is the time to create a new world with love, compassion, caring, patience and giving back programs. No longer is it a world where the sole purpose of our daily engagements are for self-preservation or finding ways to excel at the cost of denying others to exist in this world too. This show deeply respects all souls, all struggles, and all visions of life, through and beyond death. We wish to be part of the next creative solution and not engage in the old ways of the past. Humanity is evolving and becoming more than we ever dreamed we could be! [Information on the show, click here.](#)

If you are part of the new world and wish to bring a message of inspiration, courage, support, or guidance to many souls across the globe, Dr. Jeanette would love to have you as her radio guest. Topics range from New Age and Quantum Physics to children's books and End of Life.
